

Salix Babylonica

from now, don't bother call
I'm fine here, no longer blonde
sounds like you found your way
not busy but I just won't stay

gone the world we used to dream
the house and garden, willow tree
Salix Babylonica
Baby loca, wish me luck

call me D don't call me boo
got real close here to call you wife
we liked each other lots
enough to never seek new friends outside
