

Growing Strong

Your face
our yawns
laying in the white room we used
to call home
the waste
of time
being in bed all day getting high
on IG
and sleep too long

This love was so fast at growing strong
time is slow when you're gone
I dream of our hearts being tight again with morning workouts
forget our phones 'till breakfast is done
we say and never do

You cook
I clean
flip a coin for the laundry
our domestic dream
Although
temporary
it was true we needed that something
now it's here to stay
it's you and me

This love was so fast at growing strong
time is slow when you're gone
I dream of our hearts being tight again with morning workouts
forget our phones 'till breakfast is done
we say and never do
